

# GERMANY CONSIDERS A STATE OF WAR EXISTS WITH FRANCE AND APPEALS TO ITALY FOR AID

## KAISER THROWS WAR GAUNTLET INTO THE FACE OF THE FRENCH

(By Frederick Werner, International News Service Correspondent.)

Berlin, Aug. 4.—Germany is at war with France. This was officially announced today by Imperial Chancellor Von Bethmann-Hollweg. Diplomatic relations between the two countries have been severed.

The Chancellor gave this statement to the International News Service: "Germany considers that a state of war exists between Germany and France, owing to the latter's encroachments on German territory."

The chancellor asserted that this was not a declaration of war against France, but no further action by Germany is necessary. It is the desire of the Kaiser that France shall be the one to declare war.

### Germany Explains Course

Berlin, Aug. 4.—Germany is prepared to fight the entire world in defense of her honor. Kaiser Wilhelm so told the Reichstag today. He made no effort to conceal the seriousness of the situation, but he placed the blame of the break at the door of Russia and France. It was plain that he no longer hopes that England will remain neutral. Germany is already striking hard. Her forces are invading France. The Cossack invasion of Russian border has been repelled. Belgium is to be subdued.

The formal declaration of war came today. There was a great demonstration meeting Germany's efforts to keep the peace and wishing that France at all times was the aggressor. The French Ambassador was given passport and given guard of honor to return.

### Germany Replies To Grey

London, Aug. 4.—Germany's reply to Sir Edward Grey's speech regarding the British attitude in regard to the violation of Belgium territory, was a second ultimatum from Berlin to Brussels, saying Germany was prepared to carry through her plan by force of arms. (Continued On Page Twelve)

## TREASURE SHIP, REPORTED CAPTURED, RETURNS TO PORT

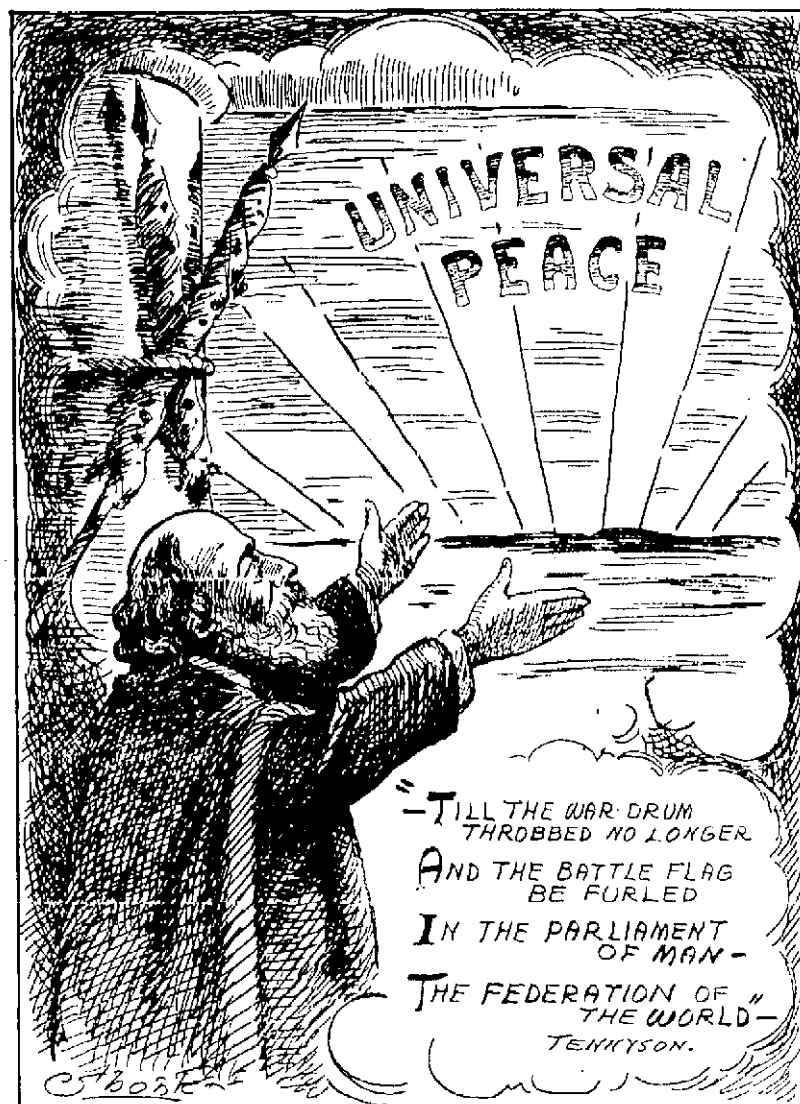

Bar Harbor, Me., Aug. 4.—Various reports to have been captured by English vessels, and to have arrived at three different foreign ports, the North German Lloyd Liner Kronprinzessin Cecilie, the \$10,000,000 treasure ship,

put into this port and anchored at 6 a. m. this morning. The liner's arrival caused great excitement here. Hundreds of people gathered on the beach and an hour later when the captain came ashore, several thousand people lined the beach.

The captain would make no statement as to how far he had proceeded on his voyage across the Atlantic before he turned back to the United States. The liner carried 375 first class passengers. Captain Pollock believes that only a heavy fog saved

him from being captured by two French warships. A wireless operator intercepted a war message telling of the proximity of the ship and giving orders that sharp watch be kept for her. Then came a fog and kept the vessel from being captured.

## ENGLISH JEER KAISER

London, Aug. 4.—Open sneers and jeers of Kaiser Wilhelm marked the sitting of the commons this afternoon. This was England's answer to Germany that she had been forced into war. Germany's announced position toward Belgium was flouted by England. The advocates of the immediate war for autonomy feared those who want peace. The United Kingdom believes that Germany has stubbornly carried out a series of insults designed to compel England into war. The mobilization of the navy is complete. The army nearly so. War is believed inevitable maybe tonight or tomorrow.

## GERMAN AIR CRAFT DROPS EXPLOSIVES KILLING 15 PERSONS

Paris, Aug. 4.—German aviators killed 15 persons and badly damaged the historic town of Luneville early today. Just at dawn a big dirigible sailed out of fog and flying low dropped a quantity of high explosives as it passed over the church Jacques. The bombs missed the church but fell into the square alongside. The explosion was terrific. One of the walls of the church was demolished and one of the squads of troops was annihilated. French aviators were dispatched from Nancy to locate the German dirigible. There is intense indignation in official quarters over the actions of Germans while it is admitted that it is permissible to take every advantage.

The state department today cabled diplomatic and consular offices abroad to assemble all Americans in the countries involved and have them ready to embark for home.

## Powers Attempt To Place The Blame For Greatest World War

London, Aug. 4.—With Germany's formal declaration of war on France, every power involved is today endeavoring to escape responsibility for the slaughter, devastation and suffering in the greatest world war now breaking.

It is proclaimed that Germany seized upon this to put himself in a favorable light before the world and putting Italy in a position of refusing to fulfill the condition put on her by the reaction of the triple alliance.

## U. S. FINANCIAL OUTLOOK IS MUCH BRIGHTER

New York, Aug. 4.—The announcements are the first effects upon domestic financial conditions. The same opinion was expressed throughout the country. The European war, which has been a source of worry and uneasiness, was appreciably better than expected and its attendant calamities—floods of the treasury, who kept a close clearing house, certainly a relief. The army nearly so. War is believed inevitable maybe tonight or tomorrow. The same opinion was expressed throughout the country. ## The Movies

### Columbia Tonight

"A Diamond in the Rough" at the Columbia tonight is a two part feature picture featuring Guy Combs and Anna Nilsson. It is a most interesting picture showing how Jack Grim is actually caught in a bear trap and faces death when rescued by his faithful wife whom he had wronged. This story will go straight to the heart.

Tomorrow a continuation of "The Man Who Disappeared" will be the big headline, also two good funny Biograph comedies, all for the small price of five cents.

On Thursday, regular feature day at the Columbia, Manager Tynes announces a three reel special picture of Colonial Days, featuring Francis X. Bushman, who was voted the most popular of all motion picture actors in the contest of The Ladies World.

### "The Only Son" At The Lyric Today

"The Only Son" with Thomas W. Ross and a star cast made a big hit at the Lyric yesterday, business was rushing both after noon and evening and everybody was highly pleased with the picture. Thomas W. Ross is certainly a great picture actor. He is right at home before the camera, and in "The Only Son" he has plenty to do and keeps his audience deeply interested every inch of the way. Some of the scenes are really startling. "The Only Son" will be shown again today for the last time and if you want to see a splendid dramatic picture be sure to see it. The shows start at 8, 9:30, 11, and 1:30. The evening admission will be fifteen cents, children five cents. Better come early.

Another of those high class Alice Joyce pictures will be shown tomorrow, "In Wolf's Clothing," a splendid conception in two parts. Miss Joyce is supported by an all star cast including Tom Moore, Henry Hallan, Harry Millard and Alice Hollister.

### "The Million Dollar Mystery" at The Exhibit.

Follow America's greatest detective story by seeing "The Million Dollar Mystery" at the Exhibit tonight. There are some of the questions absorbing to the minds of the moving picture patrons who are keeping in touch with the serial.

There is plenty of plot, exciting adventures and many fascinating scenes all vividly portrayed on the screen. This is the sixth installment, so don't fail to see it.

### At The Seaside

The lovers of sensational features have a rare treat in store for them at this popular East End theatre tonight when "The Opium Smugglers," the great detective drama will be shown. This big feature is one continuous round of sensational thrills, action and excitement from the beginning of the first reel to the end of the third reel. This great feature was produced by the Triumphant company, whose features have never been surpassed, and this alone guarantees a splendid feature.

In addition to this big feature "Shadowed Lives," a powerful drama featuring Bob Leoni and in a dual role, will be shown, making in all a four reel program. This is one of the best programs ever shown in any theatre in this city. It is one you not afford to miss. Thursday the Seaside will show the ninth installment of "The Love, the Girl of Mystery," the big serial that has been causing a great talk in the East End, in addition to Lucile have another good two reel feature will be shown on this day.

## THEATRICAL

### Millbrook Park Casino.

"The Strength of Men," the bill put on at Millbrook Park Casino last night looks like a winner. There was a fair house to see it and every member of the audience seemed delighted with the performance. The players worked splendidly. Coming as a distinct change from the somber heavy play of last week, this bill seemed welcome to both players and audience.

"The Strength of Men" is a good show with a strong compelling heart story and enough comedy to keep it lively. This comedy is furnished by Jack Regan and it is the best opportunity he has had this season and he takes advantage of it. He keeps you roaring with laughter from the moment he puts his foot on the stage until he exits.

Mr. Curtis as the big-hearted lumberman, was truly. He surprises his many friends by his excellent work in the strong dramatic scenes.

Mr. Jones as his hypocritical half brother, could not be anything but good. He could not play a part badly even if he tried and his conscientious work always stands out.

Mr. Corones added new laurels to his already large wreath. Miss Ebbett gave an excellent portrayal of a true hearted girl with spirit, enough to stand by her sweetheart in face of adversity. Miss Barnett gave further evidence of her dramatic ability by a very fine rendition of a little French Canadian half-breed. Miss Lewis of course is splendid in everything she does and last night lived up to her reputation as one of the best characters ever seen in Portsmouth.

"The Strength of Men" will run the balance of the week with matinees on Thursday and Saturday.

## FORAKER'S RECORD IS PRESENTED VOTERS

Friends of Hon. Joseph B. Foraker, candidate for the Republican nomination for United States Senator, are circulating a pamphlet reviewing his services to the state and nation.

For the information of Republican voters, of Scioto county, The Times presents the review. It follows:

Born on a farm on July 5th, 1846. When sixteen years of age, July 14th, 1862, he enlisted as a private—Co. A, 89th O. V. I. and was mustered out June 14th, 1865, with rank of Captain. He graduated from Cornell University in 1869, and in April, 1879, was elected Judge. He was elected Governor in 1885 and re-elected in 1887. He was chairman of the Republican State Conventions in 1886, 1890, 1896 and 1900. He was a delegate at large from Ohio to the National Republican Conventions in 1884, 1888, 1892, 1896, 1900 and 1904, and chairman of the Ohio delegation in 1884 and 1888, and of the Committee on Resolutions in 1892 and 1896.

He presented the name of John Sherman to the National Republican Conventions for President in 1884 and 1888, and the name of William McKinley for President in 1896 and 1900. He was elected United States Senator in 1896, and re-elected January 15th, 1902.

He was the author of the resolutions authorizing intervention in Cuba in 1898, and of the Address to the Civil Government for Porto Rico, in 1900. While a member of the Senate he was consulted by all, and his opinion was accepted as authority on all Constitutional and International questions.

He is for Americans; protection to American industries and American labor—not high protection, nor low protection—but enough

protection to make it safe to invest the capital necessary to revive our languishing industries, and call back to employment our full time and full wages, the hundreds of thousands of idle, and partly idle workmen, who, without fault on their part are suffering victims of the present low tariff law.

Joseph B. Foraker is a representative American, and has always believed in and maintained those principles and that patriotism upon which our government is founded, and the principles of the Republican party under which our nation has advanced more than any other country in the world.

His ability is recognized by all. He has no superior, and, but few, if any equals among the leaders of today. He alone remains of the entire of great statesmen from Ohio, among whom were James A. Garfield, William McKinley, Benjamin F. Wade, Joseph B. Foraker, John Sherman and Marcus A. Hanna.

The employer and employee alike have confidence in his judgment. His honesty and integrity has never been questioned.

He is not the candidate of any man or clique of men, while loyal to his friends, he has ever been fearless, refusing to be coerced or intimidated by the basest means for what he believed for the best interest of all the people.

What the Republican party in Ohio needs, is a man of depth of character and sound judgment. Foraker's ability, who is well posted on both State and National matters. A leader who can lead, who is able and not afraid to discuss the questions of the day and they arise. A man who can and will meet Cox, Bryan or Wilson, or any other man on the stump whom the Democratic party may select, and win a convincing victory for the Republican party.

Business interests and labor alike demand that Joseph B. Foraker be returned to the Senate to aid in bringing back to prosperity, and place on Ohio again, on the map.

## ALL TO BE DONE OVER.

The paragrapher is seriously handicapped by the European war. He has already used every available adjective in dealing with the Mexican situation as well as dilating upon Hobson's phantom Japanese capture of this country, and he did not anticipate that this lightning spirit was so rampant and was to continue throughout the year in the various parts of the world. In self defense he may be compelled to re-vamp his stories as often as his ministerial friends do, and let them burst upon the public once more as original dips from the sparkling spring of thought.

PREDICTS VICTORY  
FOR ZIMMERMANSpringfield Jurist Reviews Ohio  
Senatorial Situation.

## SAYS BIG COUNTIES IN LINE

Traveling Men Bring Reports of Overwhelming Sentiment For His City's Candidate From All Rural Sections of State—Is Rated as "A Man of Business Sense" in Home Town.

Springfield, O.—(Special).—"John L. Zimmerman will be nominated as United States senator from Ohio."

This was the bold and confident declaration made today by Judge Francis M. Hagan of the Clark county court of common pleas. Mr. Hagan is one of the foremost jurists of Ohio, and enjoys the respect of all classes at home and abroad. He has kept in closest touch with the Zimmerman campaign from the outset, has followed the progress made in county after county, and is in a good position to measure accurately the situation.

Mr. Hagan continued: "Zimmerman's nomination is not assured. Early in the battle he gained strength in Hamilton county that can not possibly be overcome. Party leaders from former Mayor Taylor's support enthusiastically working for his success. With them are great armies of militant Democrats, who see in Zimmerman the Springfield attorney, farmer and manufacturer, the hope of the campaign. In Cuyahoga county, where another 10 per cent of the vote are located, Zimmerman will be the winner. His organization there is in superb shape. Assurances were received that there is no longer doubt of Zimmerman's success in that county. In the other counties of the state where there is a natural Democratic plurality, Zimmerman sentiment is either strong or supreme. There are more than 500 lieutenants of the Springfield candidate during a large part of their time to the campaign. These are volunteer workers, whose enthusiasm is a feature of the campaign. Summarizing the situation I make the prediction without doubt or hesitation that Zimmerman, on Aug. 11, will sweep the field."

JOHN L. ZIMMERMAN.

celled this week from Cleveland leaders that there is no longer doubt of Zimmerman's success in that county. In the other counties of the state where there is a natural Democratic plurality, Zimmerman sentiment is either strong or supreme. There are more than 500 lieutenants of the Springfield candidate during a large part of their time to the campaign. These are volunteer workers, whose enthusiasm is a feature of the campaign. Summarizing the situation I make the prediction without doubt or hesitation that Zimmerman, on Aug. 11, will sweep the field."

"Here in Springfield the Zimmerman campaign is characterized by the greatest activity. All classes of citizens are volunteer workers who are with one another in looting. For most things there is a hand of trust, the election who in their work, have unimpeded opportunity for ascertaining public sentiment and the trend of the campaign. These men have one thing to say, that Zimmerman sentiment is dominant in nearly all of Ohio, and that he will achieve a triumphant victory."

"Another band of devoted workers is composed of scores of young men whom Zimmerman has helped in one way or another through college. These are a happy lot, and their work in the activity of these volunteers. Indefatigable courage, coupled with optimism, was the dominating trait that dominated him when he opened the office of John L. Zimmerman attorney at law. From the first, good business sense was his chief asset. His good business sense led him on, first to an address and then another, and is now the proper slogan of the men who are real property in making his campaign a victorious one."

"This class of men of business sense is one that has brought and is steadily bringing to the state every element in the political field. It has been one of the main reasons for Zimmerman's support comes from all classes of people. He has been in touch with all the active in the state, and is in a position to make the most of every movement looking to the advancement of his home city. His support is not general as his friends are scattered throughout the state. His support is not general as his friends are scattered throughout the state. ## SOLITAIRE RINGS

The Solitaire has a special place among the jewels. Its simplicity serves to make it effective, whether actually alone as a single stone or accompanied by a minute diamond or two for contrast. The character of the mounting may be in the simplest form consistent with safety, or elaborated to suit the taste of the wearer. Patrons may select from a generous collection of looser stones, and choose the setting from a variety of sketches. Individuality may thus be given to the ring without additional cost. Prices range downward as low as \$10.00 to \$20.00 for rings with distinct character.

## The Successful Man

MORE than nine times out of ten you will find that the successful man began his success by first being a prudent man. He early learned the value of saving and began putting his surplus in bank. There is character and force about the man who has money in bank. He begets confidence in himself and confidence and credit from the community. He becomes recognized as safe and dependable. Opportunities begin to come his way and having some means he is the better able to profit by them.

The first step towards success is saving. We want to help you in that step and we offer you the security and facilities of our bank. One dollar will open a savings account and we allow interest on all savings deposits and compound the interest.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, weas, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise.—How can I act to make boys like me, as I am considered pretty?

**DOWNHEARTED.**  
Popularity is not measured by the color of the hair, the amount of cosmetics, etc., or even the amount of attraction one tries to command in public. Let your own natural actions rule your conduct and your "mate" will be attracted to you.

Dear Miss Wise.—Which is more popular now—a blonde or a brunette?  
**SMILES.**  
Neither—a bathing suit.

Dear Miss Wise.—I am a girl of 16. Am I too young to keep company with boys of 22 and 24?  
**BEAUTIFUL.**  
Yes. Let other girls receive those fatherly attentions.

Dear Miss Wise.—I read a story where a man out west traded his wife for a horse. Do you think any one in Portsmouth could possibly do that?

**WORRIED.**  
No, but I'd hate to see some of them offered a good motor car.

Dear Miss Wise.—Can you suggest something that will remove grease spots from various kinds of cloth?

**HOUSEHOLD.**  
For removing grease spots from white linen or cotton goods, use soap or weak lye; for colored calicoes, warm soap-suds; for woollens, soap suds of ammonia; for silks, benzine, ether, naphtha or chalk.

Dear Miss Wise.—I wish you would tell me something that would break up the practice of a wife who spends all her husband's earnings in entertaining lavishly so-called friends who do not care, but two buttons for her. She has a veritable mania for giving little luncheons, dinners and restaurant parties. How can I put a stop to it?

**BANKRUPT.**  
Fight fire with fire and give some of these parties yourself.

Dear Miss Wise.—What would you say to a young man who came and called on you and wanted to hug you or kiss you a number of

times and who said: "All the other girls do—don't be silly."

**MARY.**  
I should say that it made no difference what other girls might do as regarded their refusal to allow such familiarities. Nine chances out of ten his intentions are not good and if he persisted in trying to kiss you, slap him on the "kisser" and send him home.

Dear Miss Wise.—I am a boy of 13 and would like to ask you a few questions. I am in the fifth reader and advanced geography.

There are a couple of boys in our school that always torment me. They are older than me, but they are in my classes. What do you think of such fellows? What is good for humors?

**COUNTRY SCHOOL KID.**  
Those boys are cowards. If you can possibly do it, give them a good thumping and they will let you alone.

Any drug store can furnish you with a death potion for humors.

Portsmouth, O., August 1, 1914.

Dear Miss Wise.—Some time ago, my hair was so coarse that I couldn't do anything with it. I

always washed my hair with soap and water. A girl friend of mine told me to heat a whole egg in lukewarm water and wash my hair with it. Since then my hair, which I did. Since then my hair is thick with dandruff, something I have never had before. Please tell me what is best to use, to wash my hair so as not to darken, blonde, or injure the hair in any way. My hair is light in some places and dark in some places. What causes that?

**ANNOYED.**  
An egg shampoo if used properly is very cleansing and softening. Perhaps you did not wash all the shampoo out. To use egg shampoo beat the egg until very frothy and apply to the hair and scalp, rubbing with the ends of the fingers, but not the nails as they scratch the scalp. Rinse several times, first in warm water and then cooler until the last is cold. A little castor oil or olive oil rubbed into the scalp before washing will help to rid the scalp of dandruff. You needn't worry about your hair being too short. Most everyone's hair is that way. The sun will bleach the hair and will often make it lighter in some places, but it is very invigorating.

## Doctor Speaks Out to Coffee Drinkers

The Boston Advertiser of June 15, 1914, quotes Dr. D. H. Kross, of Chicago, in an address as saying that tea, coffee and opium cause more deaths than alcohol.

"These habit leverages are sapping the life of our nation. They are making us a race of weak-kneed, weak-livered beings, unable to reproduce ourselves. The kidneys and liver do not perform their proper functions, and the waste matter left in the system tends to bring on arteriosclerosis."

"Statistics show conclusively that as the consumption of coffee, tea and opium have increased, the number of nervous diseases and insanity have increased proportionately."

This strong statement from a medical authority, cannot be lightly disregarded.

It is easy to prove in one's own case whether coffee is the cause of frequent "spells" of nervousness, indigestion, biliousness, liver complaint, headache, heart disturbance and other ills.

Quit coffee 10 days, and in its place use

## Will Allow "Extras" On Water Works

Council, sitting as a committee of the whole, met in conference with John H. McGowan, Jr., representative of the John H. McGowan Company, of Cincinnati, in the matter of claims for extra work performed at the new water works, Monday evening. After a somewhat thorough investigation, members of council

seemed disposed to allow the full amount of the claim, amounting to about \$1200, and the city solicitor was directed to prepare the necessary legislation. A portion of this amount, it is claimed, will be charged against the claim of the Nicola Construction Company. The McGowan company had the contract for installing the pumping machinery.

### TOMATO SEASON NOW OPEN JUDGE BLAIR TO THE FRONT

This is the season of the year when you will hear all sorts of chirpings from the amateur tomato raiser. In most sincere tones will he dilate on his predilection in the art of raising tomatoes. It is natural for him to raise one great, big tomato and then sit back and tell his friends how wonderfully successful he has been with his tomato crop. He has reduced the art to a science.

To the latter class counts to be attached Judge Blair's name. Now, the able jurist frankly admits that other people can raise tomatoes and that their methods may be as pro-

ductive as his, yet he admits that his tomato crop this year is really and candidly second to none in the city. Judge Blair was around exhibiting a tomato that he raised in his own garden and which when placed on a pair of scales tipped the beam at one pound and a half. It was a fine specimen of the vegetable known as a tomato. He proudly exhibited it to his friends in the First National Bank building Monday.

Now come on, you tomato-growers, and tell the palpitating public how successful you have been in raising full blown-in-the-battle tomatoes.

## Rural Telephone Co. Now Incorporated

The Lucasville Rural Telephone Company held a meeting in the office of Thomas Hartman, at Lucasville, Saturday, and incorporated.

Thomas Hartman is president, with the following directors: John McCarty, L. M. Southworth, George Zaher, Abe Miller, J. Saunders, John Tibble, L. Johnson, James McJunkin, A. Doll, J. H. Brant, Earl Moulton and John Clements. The company has been in operation for about one year and there are nearly one thousand subscribers using the rural phone.

The whole company consists of

fifteen federations. One line with a number of subscribers constitutes a federation. The main federations are known as the Lucasville, Stockdale, South Webster, Harrisonville and Lyons federations. All small villages in the northern and eastern parts of the county are reached by the subscribers without additional charge. Plans are now under way whereby the lines will be extended into Pike county. The upkeep of the different lines costs each subscriber about 25 cents per month, which is enough to pay all running expenses.

## Too Many Operations, Declares Surgeon

That too many operations, wholly unnecessary and without justifiable

reasons, are performed by surgeons, was the sensational statement made recently by an eminent surgeon at a recent meeting of the doctors at Atlantic City. That this was an open secret known by all, is one of the claims long made by the Bi-Chemie Doctors, who have their headquarters at the Bi-Chemie Institute located on the third floor of the Masonic Temple Building. For the surgeons themselves to voluntarily make the statement is very pleasing to these eminent specialists who have been curing the chronic sufferers of this and the surrounding community by their modern and up-to-date methods and who under no circumstances use the knife.

The treatment used by the Bi-Chemie Doctors is non-surgical. They have perfected a system of treatment which actually does cure permanently hundreds of cases of gall-stone trouble, chronic appendicitis, gastric troubles, liver disease, blood diseases, and other diseases hitherto supposed to be only curable by means of the knife. In many complicated, degenerated, chronic cases, the new system of medicine has become a sort of a "cure of last resort." The people have learned that after all others fail to go to these great specialists, often times means a cure for them, and they appreciate it, as shown by many testimonials similar to the following:

Dear Doctor:  
For more than a year I had suffered from catarrh of the head and stomach. I had taken patent medicines and treatments from three of the best doctors, but I did not derive any benefit therefrom. The odor arising from my head often made me sick at my stomach. I had no appetite, was losing weight, and often had to resort to sleeping powder in order to get rest at night. This was my condition when I consulted the Bi-Chemie Doctors. You told me what my disease was, and assured me of a cure if I would give you my case at once. Well, I placed my case with the Bi-Chemie Doctors and now after three months treatment, I am almost completely cured. I have found after much failure and expense before going to these specialists, the treatment which has enabled me to regain my health.

I thank the Bi-Chemie Doctors and wish to voice my gratitude for all they have done for me. I wish also to recommend any chronic sufferer to them and will say that I will find the Bi-Chemie Doctors honest, skillful and pleasant to meet at all times. Respectfully,  
(Signed) MRS. A. ELLIOTT.

## Falls To Death On Way To Portsmouth

Huntington, W. Va., Aug. 4.—A foot slipped and before his companion could catch him he had reached the edge of a cliff. The man was going to Portsmouth, Ohio, on a rapid train. The body was picked up and taken over a bridge at three o'clock, when he fell from the platform of Norfolk & Western train No. 100. He fell a distance of 100 feet. He was crushed to pieces.

Young Dixon, who was born in Huntington, left his home about noon yesterday, saying he was going to Portsmouth. He was accompanied by Jesse Lee, another Huntington boy. It was declared by eye witnesses that he was standing on the platform of a baggage car. His

## PLUMBING RULES CAUSE RUMPUS

Monday's meeting of the local Board of Health was featured by a lively debate between Mayor Erick and Captain James W. Smith, a member of the board, over the matter of plumbing regulations in this city. The mayor favored the enforcement of the rules and regulations laid down in the new plumbing code to the letter, while Captain Smith thought that in many instances, as efficient work could be done without adhering rigidly to these rules.

Mayor Erick was of the opinion that the city plumbing inspector should be instructed to insist upon every regulation being carried out, and that the board should back him to the limit. He particularly favored that rule which prohibits the use of sewer tile in making the connection into the building, claiming that such a method was unsanitary. Fully an hour was consumed in the discussion, which was spirited, was of a friendly nature.

Captain Smith is chairman of the committee appointed to revise the local plumbing code to conform to the state code, recently revised. He claims that the plumbers of the state controlled the revision, and that it was drawn up to suit their wishes to the exclusion of those of all others. He promised to have sufficient data ready by the September meeting to make his report.

State Plumbing Inspector Thompson, who was a visitor in Portsmouth last week, will be invited to be present, and he will present the views of the state authorities. At that time, he is anxious to have as many plumbers and others interested in plumbing work present, so that none of them will leave under any misunderstanding. Graniger is strongly in favor of the enforcement of the present code to the letter.

Clark Berntz was directed by the board to address a congratulatory note to the board of education, requesting that board to order the vaccination of school children before the beginning of the school term.

# EX-CHAMPS BEAT SENATORS IN THE TENTH INNING

## Carter Saved The Day, By Relieving Tedrow In The Seventh Frame

Charleston, W. Va., Aug. 4. (Special to The Times)—Overcoming a five-run lead after the fifth inning, these ex-champs of Portsmouth slipped one over on Beers' Senators at this ballfield, yesterday, winning out in the tenth inning by the score of 5 to 3. Nick Carter, the celebrated detective, acting as life-saver for Tedrow, who had been hit with considerable freedom in the first seven innings of play, later was just right, for during the time he occupied the mound he did not allow a hit or run. He walked three, one, and a strike, and then, after a few more strikes, he took extra care not to allow any connection with the plate. The Jimmy Edwards, Portsmouth's crack first-sacker, was all the glory for winning the game. Jimmy led off in the tenth inning with a double to center and promptly stole third, a feat that is quite rare among this State League athletes. Edward Goodrich, the Tennessee citizen, sent a bang fly in addition and Edwards promptly secured the winning run.

Portsmouth took kindly to the delivery of Sims, who was panned all over by the Senators, and promptly followed by a double to center. ## WELLER IS RELEASED, MAY GO TO FLORIDA

### Cinch For Athletics

Upon his arrival here from Charleston Monday, Paul Weller, who has been on the pitching staff of the local club since the opening of the season, was notified of his release. He stated last night that he would probably remain in Portsmouth for three or four days and would then take his departure for his home at Louisville, Ky.

During the first half of the season, Weller pitched winning ball for Portsmouth. But it seemed with the start of the second half, his best his control, and despite faithful practice he has not been able to regain it. Weller is one of the best liked players that ever wore a Portsmouth uniform and it was with considerable regret that President Riddeman made out his release papers. No matter where he goes, Weller will always carry with him the best wishes of Portsmouth fans.

It is likely he will leave in Florida, where he has a splendid position with a large fruit company. Weller was secured in a trade with Lexington, the locals giving up Ed, Hartwig and Beers for Weller, Weller and Hartwig, a monster in the only remaining one of the three secured from the Colts.

## All Club Owners Will Lose Handsome Sums

With the season more than half over, it seems a certainty that the majority of the managers in the National, American and Federal Leagues will suffer losses that may reach a total of \$100,000. The reason for this is the fact that the clubs have lost more money than they have gained. The clubs have lost more money than they have gained.
